

Halo Mini

Cap Lamp

The Halo Mini Cap Lamp is a light-weight alternative to traditional mining cap lamps. With the battery unit incorporated into the lamp housing the need for an external battery pack and cumbersome cable is eliminated. It features a super bright primary LED and auxiliary LEDs to provide emergency extended light. The robust lamp is completely waterproof and tamper-resistant. Various optional additions are available including a head band and bicycle mount that can extend the range of application from mining to other uses such as security, outdoor or recreational.

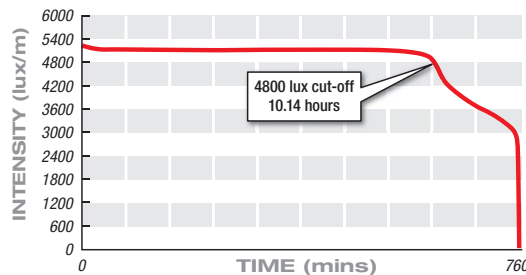

Features and benefits:

- Cable-free
- Safe LiFePO₄ battery
- Robust design
- Waterproof
- Low maintenance
- Bright light output
- Light weight
- Numbering plate pocket
- 80x longer lamp life

Approvals and certification:

- ISO 9001-2001

Optional additions:

Halo Mini elasticated head strap and Halo Mini bicycle mount

TECHNICAL SPECIFICATIONS

Main LED duration	>10 hours
Auxiliary LED duration	>80 hours
Intensity	>4500 lux @ 1m
Beam width	4 – 4.5 degrees
Colour temperature	5800K
Rendering index	70%
Charging cycles	>1000 times
Charging time	<6 hours
Charging voltage	>4.2 – 5.8V
Dimensions	76.5x69x69mm
Total weight	225g
